

	Title	Indexed in	Name of journal	IF Quartile	IF
1	Occupational health risk assessment of airborne formaldehyde in medical laboratories.	ISI, Scopus, PubMed	Environ Sci Pollut Res	Q1	0
2	Impact of individual and work factors on the heat-related consequences among power plant workers in a hot region	ISI, Scopus, PubMed, Embase	International Journal of Environmental Health Research	Q2	2.2
3	A detailed methodology for estimating health-related hazards of workplace exposure to indoor formaldehyde vapours	ESCI (ISI), Scopus, PubMed, Embase, DOAJ	Methods X	Q1	1.7
4	Ergonomic Assessment and Design of the Tower Crane Cabin Based on Anthropometric Dimensions of Iranian Operators	SID, ISC	Iran J Ergon		
5	Level of Global Indicators of Fecal and Non-fecal Pollution in Caspian Sea Coastal Swimming Waters in Mazandaran Province–Iran	Scopus, Embase	koomesh		
6	Determination of airborne Radon and its relationship with the type of residential buildings in Damghan, Iran.	ISI, Scopus	International Journal of Environmental Science & Technology (IJEST),	Q2	3
7	Occurrence and fate of emerging pollutants of 17betaestradiol and testosterone in hospital wastewater and effluent: The effect of activated sludge and chlorination processes	Scopus, Embase	koomesh		
8	Investigating the eleven-year trend of cutaneous leishmaniasis in Damghan and predicting the number of patients in the next five year	Scopus, Embase	koomesh		
9	Assessing the Safety Situation in the Laboratories of Educational and Research Centers	Scopus, DOAJ	Health in Emergencies and Disasters Quarterly		
10	Working conditions and stressors data during Covid-19 and mental well-being in Iranian healthcare workers	ESCI (ISI), Scopus, PubMed, DOAJ	Data Brief	Q1	1
11	Impact of individual and work factors on the heat-related consequences among power plant workers in a hot region	ISI, Scopus, PubMed, Embase	Int J Environ Health Res	Q2	2.2
12	implementation of Chemical Health, Safety, and Environmental Risk Assessment in Laboratories: A Case-Series Study	ISI, Scopus, PubMed, DOAJ	Front. Public Health	Q2	3

13	Investigating the Quantitative and Qualitative Status of Illumination and its Relationship with Mental and Psychological Health in office workplace: A Cross ...	Scopus	Health Occupational I	Q4	
14	Comparison of the effect of mint extract and chamomile drops on the gastric residual volume of traumatic patients under mechanical ventilation and nasogastric tube feeding in the intensive care unit: A triple-blind, randomized, crossover trial	ESCI (ISI), Scopus, PubMed, Embase, DOAJ	Avicenna J Phytomed	Q2	1.9
15	Sexual Dysfunction and Related Factors in Hospitals Emergency Male Nurses and Its Relationship with Their Spouse's Sexual Function	Scopus	Middle East J Rehabil Health Stud	Q3	
16	assessment of occupational safety and health hazards using job safety analysis: A case study of steel industry	ISC, SID	J Prevent Med		
17	A Systematic Review and Health Risk Assessment on the Concentration of Particulate Matters in Iran	othet	Advances in Clinical Toxicology		
18	The efficiency of the visible /H ₂ O ₂ /UV/LaMnO ₃ nano photocatalytic compound in removing reactive black 5 (RB5) dye from aqueous solutions	ISI	Heliyon	Q1	3.4
19	Systematic Review of Sulfur Oxides Levels in Industrial and Urban Settings in Iran	othet	Advances in Clinical Toxicology		
20	Investigation of Formaldehyde Concentration in Indoor and Outdoor Air, A Systematic Review	othet	Advances in Clinical Toxicology		
21	Applying a quantitative fire risk assessment method in hospital settings: Case study	ISI	plos one		2.9
22	Efficiency of continuous flow CPC reactor in removing indicator bacteria and <i>E. coli O157:H7</i> from hospital wastewater effluents	ISI	International Journal of Environmental Science and Technology	Q2	3
23	Investigating the Relationship Between Health Literacy and Anxiety Related to COVID-19 Among Students of the Faculty of Health, Semnan University of Medical Sciences	scoups	koomesh
